

# Simulation Center visiting rules for participants and students:

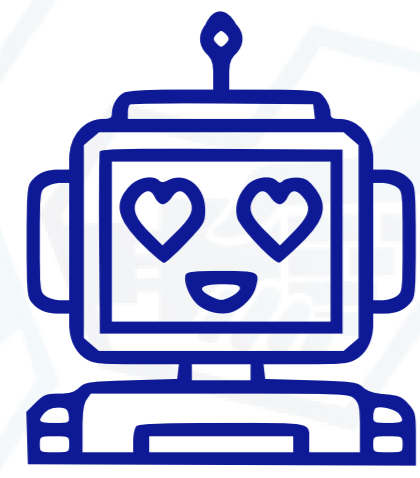

Arrive 15 minutes early before training and present your ID card for registration.

Dress properly: long hair must be tied back and no dangling jewelry, no sandals allowed.

Clothing: for the participants of the training - comfortable clothes and closed comfortable shoes. For students and doctors - medical uniforms, closed soft shoes, phonendoscope.

Act responsibly with robots and “respect” them as patients.

## Prohibited:

- ✗ To touch computers related to robots.
- ✗ To take photos without permission.
- ✗ To enter the classroom with food and drinks.
- ✗ To touch any other device besides the one in use during the class.
- ✗ To use markers, pens and iodine-containing compounds (betadine) near the simulation equipment.
- ✗ To taste reagents and consumables.
